

GigaCloud® for DoD Supply Chain

The clock is ticking on the latest cloud compliance mandate: NIST Special Publication 800-171. Any organization or contractor that holds or processes unclassified Department of Defense (DoD) data must ensure that they comply with this new DFARS clause. The final deadline by which to prove compliance is approaching: December 31, 2017. Get ahead of the game and contact us today at **866.868.7878** or register for a [product demonstration](#).

For organizations that create, process, store or transmit CUI, or that provide security protection for these components - [check out our GigaCloud® for DoD Supply Chain Data Sheet](#).

GigaCloud® for DOD Supply Chain for secure endpoint email and document collaboration provides numerous features and functions to enterprise and government users. With GigaCloud® for DOD Supply Chain, a redundant infrastructure is provided to persistently protect content (at rest, in transit, and in use) no matter how or where the content travels or is stored.
